### **Delivery**

Delivery is usually by courier (tracked) and delivery price to mainland UK for this ukulele is around £4.00. For delivery to Highlands and Islands, please contact us.

### **Strap buttons**

No strap buttons are fitted from factory, but these can be fitted in our workshop if required, cost of this is £4.80 per strap button.

### **Instrument set up**

Every instrument is set up, this includes fret levelling and re-crowning where required, string height adjustment at top nut and bridge and any other adjustment necessary. We set up instruments to standard workshop or manufacturers specifications but can adjust the set up as required by the player.

### **Left handed**

We can convert most ukuleles to left hand, there is no labour charge for this when purchasing a new ukulele, all we ask is for you to purchase a new set of strings, cost of strings is around £6.40.

### **Low G**

Tuning is the standard C-G-E-A with a high G. A low G can be fitted if required (no additional cost)
